

## Grant Application

Math Shelf is a **tablet** preschool and Kindergarten program proven to eliminate early achievement gaps ([www.mathshelf.com/impact](http://www.mathshelf.com/impact)). The program is being implemented in large and small school districts and preschool organizations across the United States. Please view this three-minute video to learn about Math Shelf (<https://youtu.be/O4Nzxwfh26c>) before applying.

Grants are available to schools and districts serving at least 65% low-income preschool, transitional kindergarten (TK), and kindergarten students.

### Grant Includes:

- Tablets
- Math Shelf license fees
- Professional development (in class & online)
- Home access for distance learning
- Performance reports

Submit your [grant application here](#).
