Math Shelf

Creating Goals

Write your usage, growth and achievement goals below.

Usage Goal:

_____

_____

Growth Goal:

_____

_____

Achievement Goal:

_____

_____

- -

Example Goals

| Usage Goal	Growth Goal	Achievement Goal
70% of students will play 2x a week (speedometer on data report).	Students will improve 1 Math Shelf level per month.	Students will meet grade level math standards by the end of the year (level 8 for PreK and level 12 for Kindergarten).

Math Shelf

Data Meeting Action Plan

Using your usage, growth, achievement goals and Math Shelf Data, write action steps to support teachers.

Names of the teachers who need support:

1. _____
2. _____
3. _____

4. _____
5. _____
6. _____

7. _____
8. _____
9. _____

Actions I will take to support teachers:

1. _____
   _____

2. _____
   _____

3. _____
   _____

4. _____
   _____

Example Actions:

1. Visit classrooms
   _____

2. Help to create a play schedule

3. Encourage home play (add parents)

4. Plan a support call with Math Shelf
